

STATEWIDE PEAC TESTING 2016

Verbal Reasoning and Mathematical Reasoning.

Tests designed by ACER

Test Questions are multiple choice, contemporary in nature, separated into sub categories:

1. Reading Comprehension;
2. Reasoning by Analogy;
3. Working Mathematically / Thinking Scientifically;
4. Non-Verbal Reasoning.

The test measures the student's ability to recognise patterns, predict with speed and accuracy, use their reasoning skills in a range of contexts, apply their knowledge and learning in language, mathematics, and thinking scientifically.
